Bobby Ramirez
RITMO!PALOOZA

Dear Bobby,

I would like to extend a very special note of thank you for the amazing job you and your team did at the Fabulous Showcase Event at The Idea Factory 2007.

The RITMO!PALOOZA room was the hit of the event. It was fun, it was beautifully designed, it captured the spirit of Miami, and the attendees just loved it. We couldn't be happier or more impressed with how it all went.

I really enjoyed getting to spend some time with you in Miami. It's been such a treat to watch your career and company rise to the apex of the industry. You're one of the good guys in the business and a testament to how a successful and enjoyable business relationship can and should work.

It was a privilege for us to work with you and Event Solutions looks forward to highlighting your work in the magazine and on our web site. Thank you again for being such an important part of our show and I look forward to working with you again down the road.
